A NATURAL EXFOLIATOR MADE FROM UPCYCLED RASPBERRY SEEDS

Raspberry CRUSH™ is a gentle, natural exfoliator made from upcycled raspberry seeds which are leftovers from the juicing industry. After we press the oil from the seeds to create Raspberry NECTA®, we use what's left to create two grades of upcycled exfoliating powders / scrubs for personal care formulations.

Raspberry particles provide a method of gentle exfoliation, working to remove dead skin cells for a super clean, fresh skin feeling.
