A NATURAL & SUSTAINABLE EXFOLIATING POWDER MADE FROM WHITE RICE

White Rice CRUSH™ is a gentle, natural exfoliator made from white rice. Rice particles work to gently remove dead skin cells without irritating the skin, leaving skin feeling fresh and revitalised. Available in 4 grades (including an active grade), White Rice CRUSH™ can be used within a variety of skincare applications including polishes, soaps and face & body scrubs.

Upcycled Rice

The food production process can often result in leftover, damaged rice bran. We gain access to this raw material which is then finely milled, and upcycle it into a range of exfoliating scrubs and powders (White Rice CRUSH™) and an oil-absorbing active powder (White Rice CRUSH™ ACTIVE).

Grades

	PARTICLE SIZE	DESCRIPTION	APPLICATION	
MICRO	100 - 300 (µm)	Ultra-fine crystalline particles, white/beige	Facial polish	
SMALL	300 - 400 (µm)	Granular crystalline powder, white/beige	Facial scrub	
LARGE	300 - 750 (µm)	Crystalline powder, white/beige	Body scrub
