

INCI: Bambusa Arundinacea
(Bamboo) Stem Extract

ParaNatural™ Bamboo is a natural exfoliator extracted from the nodes of bamboo stems. It exfoliates cells that accumulate on the skin's surface, refining skin texture and brightening skin tone.

Specifications:

Color: White
Form: Powder
Moisture: ≤20%
Density: 400-700 g/l

Micro:

Aerobic Plate Count (cfu/g): ≤100
Yeast & Mold (cfu/g): ≤10

Particle Size:

200 µm Facial & Mild Exfoliation
500 µm Body and Facial Exfoliation
1000 µm

Shelf Life: 120 Months

Benefits:

- 100% Renewable
- Biodegradable
- GMO Free
- Remains hard, does not change color
- Stable in all formulations including aqueous

Suggested Use:

- Body Wash
- Face Wash
- Foot Scrub
- Exfoliation Products
