A NATURAL EXFOLIATOR MADE FROM UPCYCLED BLUEBERRY SEEDS

Blueberry CRUSH™ is a gentle, natural exfoliator made from upcycled blueberry seeds which are leftovers from the juicing industry. After we press the oil from the seeds to create Blueberry NECTA®, we use what's left to create two grades of upcycled exfoliating powders / scrubs for personal care formulations.

Blueberry particles provide a method of gentle exfoliation, working to remove dead skin cells for a super clean, fresh skin feeling.

Purely Upcycled
