

COOLING GEL CREAM

Protect your skin from hot & stressful UV radiation. 2 types of plant extracts;
1) Eucoolan derived from shade tree; Eucommia Ulmoides provides a big protective shadow on your skin 2) Multi-functional active Portulaca Extract enhances UV-protection effect

EUCOOLAN GN

- Asian ornamental shade tree derived anti-light effect
- Repair damaged skin from wide range of light exposure (UV, IR, Blue light)

PORTULACA EXTRACT GN

- Protect from the collapse of mitochondrial membrane which is apoptosis by UV exposure
- Calming the irritated skin from extrinsic factor
